Summary

Detail-oriented Data Analyst with strong expertise in SQL, Python, and Power BI. Experienced in data cleaning, transformation, exploratory data analysis (EDA), and dashboard development. Skilled at deriving actionable business insights from large datasets to support data-driven decision-making. Microsoft PL-300 certified with hands-on experience in end-to-end analytics projects.

Skills

Programming:	Python (oops,file handling, exception handling),pandas, numpy
Data Analysis:	Data Cleaning, Data Visualization
BI Tools:	Power BI, Microsoft Excel
Databases:	SQL, Joins, Subqueries
Tools:	Jupyter Notebook, Google Colab, VS Code, GitHub
Concepts:	ETL Process, Data Modeling, Dashboard Design
Soft Skills:	Analytical Thinking, Problem Solving, Communication

Projects

Customer Behavior Data Analytics (Python, SQL, Power BI) [Link](#)

- Performed end-to-end data analysis including data cleaning, transformation, and EDA using Python.
- Designed SQL queries to analyze revenue trends, customer demographics, and discount impact.
- Built an interactive Power BI dashboard to visualize KPIs such as total revenue, customer segmentation, and purchase behavior.
- Generated actionable insights that improved understanding of customer buying patterns.

IT Industry Database Analytics Project (SQL) [Link](#)

- Designed a relational database with multiple entities including Employee, Department, Project, Client, and Performance.
- Wrote advanced SQL queries to answer 10+ business questions such as top-performing employees, project revenue analysis, and department-wise salary distribution.
- Applied constraints techniques to ensure data integrity and efficiency.
- Simulated real-world IT company analytics use cases.

Blinkit Sales Analysis Dashboard (Power BI, Excel) [Link](#)

- Analyzed Blinkit grocery sales dataset to identify trends in product categories, outlet performance, and customer ratings.
- Performed data cleaning and transformation using Power Query.
- Created DAX measures for KPIs such as Total Sales, Average Rating, and Outlet-wise Revenue.
- Designed interactive dashboard with slicers and visualizations to support business decision-making.

Activities

Microsoft Learn Student Club (MLSC) – Design & Media Lead May 2023 – Dec 2023

- Collaborated with technical and non-technical teams to support event execution and technical content delivery.
- Designed data-driven visuals and improved communication across teams.

Certifications

- **Microsoft PL-300: Power BI Data Analyst** – Microsoft Certified (2025)
- Prompt Engineering – Udemy
- MS-CIT Certification
- Qspider Data analyst(python,sql,powerbi)

Education

B.E. in Computer Science – GES R.H. Sapat College of Engineering, Nashik (SPPU)	2025
CGPA: 6.9	
HSC – HPT Arts and RYK Science College	2021
81%	
SSC – Madhyamik Vidyalaya, Untwadi	2019
82.40%
